PREFACE

Welcome to the 10th edition of SmartPulse Magazine, where we bring together the key moments, achievements, and progress of the SmartValue family.

This edition highlights some of the important developments from April to June 2026. The quarter was filled with meaningful activities, including CSR initiatives, business events, recognition programs, training sessions, and workshops. Each initiative reflected our continued focus on growth, learning, and creating better opportunities for our associates.

Our leaders and associates continued to demonstrate strong commitment, consistency, and teamwork. Many achieved new milestones, earned recognitions, and qualified for memorable national and international travel opportunities. Their success reflects the dedication and spirit that continue to drive SmartValue forward.

Innovation also remained an important part of our journey. During the quarter, we continued to strengthen our product portfolio across Health & Wellness, Personal Care, Home Care, Lifestyle, and other categories, with a focus on quality, usefulness, and everyday value.

As we move ahead, our purpose remains clear — to create opportunities that support financial growth, personal development, entrepreneurship, and healthier living. We believe progress becomes more meaningful when people grow together and inspire one another.

Thank you for being an important part of the SmartValue family. We look forward to achieving many more milestones together in the journey ahead.

Beti Bachao
Beti Padhao

Every girl deserves the chance to learn, grow, and achieve her dreams. Inspired by the message of “Beti Bachao, Beti Padhao,” SmartValue Limited aimed to raise awareness about girls’ education, safety and equal opportunities.

About the Program

The initiative focused on spreading awareness about girls’ education, equal opportunities, safety, dignity, and the importance of supporting their dreams. It encouraged families and communities to see education as a powerful foundation for confidence, independence, and a better future.

Educate a girl. Empower a generation.

Tree Plantation

A healthier life often begins with paying attention to the little things we tend to overlook. Small mindful changes in our daily routine can make a meaningful difference to our overall well-being.

About the Program

The initiative focused on planting trees and raising awareness about the importance of preserving natural resources. Employees, associates and participants came together to contribute towards a cleaner, greener and healthier environment.

The initiative went beyond planting saplings. It aimed to highlight how every tree planted today can contribute to cleaner air, healthier surroundings and a more sustainable future for generations to come.

Road Saftey Awareness

Road safety is not only about following rules; it is about protecting lives. SmartValue Limited organised a Road Safety Awareness Program to encourage responsible behaviour on the road and remind people that small precautions can help prevent serious accidents.

About the Program

The initiative focused on spreading awareness about wearing helmets and seat belts, following traffic signals, avoiding mobile phone use while driving, maintaining safe speed, and respecting pedestrians.

Through this program, SmartValue aimed to promote safer travel habits and encourage greater responsibility among individuals, recognising that every careful decision on the road can help protect both ourselves and others.

Say No To Plastic Use

Plastic pollution is a growing environmental concern, affecting land, water, wildlife and our everyday surroundings. With the message “Say No to Plastic,” SmartValue Limited encouraged people to reduce unnecessary plastic use and opt for more sustainable alternatives.

About the Program

The initiative focused on creating awareness about avoiding single-use plastics such as plastic bags, cups, bottles, and disposable items wherever possible. Participants were encouraged to adopt reusable bags, bottles, containers, and other eco-friendly options in daily life.

Everyday Factors That Influence Your Health

Good health depends on more than just food and exercise. Several everyday factors can quietly influence how we feel, function, recover and age.

1. Sunlight & Vitamin D

Safe exposure to natural sunlight can help the body produce Vitamin D, which plays an important role in bone health, muscle function and overall well-being. Spending time outdoors can also help regulate the body's natural sleep - wake cycle.

2. Oral Health Matters More Than We Think

Healthy teeth and gums are an essential part of overall health. Regular brushing, good oral hygiene and timely dental check-ups can help prevent dental problems that may affect comfort, eating habits and daily life.

3. Posture & Screen Breaks

Long hours of sitting and continuous screen use can strain the neck, back, eyes and shoulders. Taking short breaks, stretching regularly, maintaining proper posture and staying physically active can help reduce everyday discomfort.

4. Social Connection & Emotional Balance

Health is not just about physical well-being. Staying connected with family, friends, and supportive people can positively influence mood and emotional well-being. Meaningful conversations and spending quality time with others can be valuable parts of a healthy lifestyle.

Thought to remember:

"A healthier life often begins with paying attention to the little things we tend to overlook. Small mindful changes in our daily routine can make a meaningful difference to our overall well-being."

SMARTPULSE

Better Habits for Better Days

Healthy living begins with the choices we make every day. You do not need a complicated routine to stay healthy - small, consistent habits can make a meaningful difference to your physical and mental well-being.

1 Eat Mindfully

Choose balanced meals that include vegetables, fruits, whole grains, protein, and healthy fats. Try to eat at regular intervals and avoid skipping meals whenever possible.

2 Stay Hydrated

Drinking enough water throughout the day supports digestion, concentration, energy, and normal body functions. Keep water easily available and make hydration part of your routine.

3 Move Every Day

Regular physical activity helps maintain strength, flexibility, stamina, and heart health. Walking, stretching, yoga, cycling, or any activity you enjoy can help you stay active and feel your best.

4 Sleep Well

Quality sleep allows your body and mind to rest and recover. Maintaining a regular sleep schedule and reducing screen time before bedtime can help improve sleep quality.

5 Manage Stress

Take time to slow down, relax and recharge. Deep breathing, meditation, hobbies, music, reading, or spending a few quiet moments can help you feel calmer and more balanced.

6 Spend Time Outdoors

Fresh air, daylight and time in nature can help refresh both the body and mind. Even a short morning or evening walk can become a healthy daily habit.

7 Maintain Healthy Relationships

Staying connected with family, friends, and supportive people can strengthen emotional well-being and bring more positivity into everyday life.

Healthy living is not about perfection ; it is about consistency. Build a routine that helps you eat well, stay active, sleep better, manage stress, nurture relationships and take care of yourself every day.

What Great Books Teach Us About Better Health

Build Strength for the Future

Strength training is not only about building muscle. Maintaining muscle and physical strength can support mobility, balance, independence, and healthy ageing.
Simple resistance exercises performed regularly can make a meaningful difference over time.

What Great Books Teach Us About Better Health

Stress Needs Recovery Too

Stress is a normal part of life, but the body also needs opportunities to recover. Breathing exercises, movement, adequate sleep, social connection, and time away from constant stimulation can help create a healthier balance between stress and recovery.

Think Long-Term, Not Quick Fixes

Healthy living is rarely about one perfect diet, workout, or supplement. Long-term health is built through consistent habits that can realistically be maintained for years.
